Observance of Vigilance Awareness Week every year during the last week of October is taken up to encourage all stakeholders to collectively participate in the prevention of, and the fight against corruption and to raise public awareness regarding the existence, causes and gravity of and the threat posed by corruption. It is driven by the Central Vigilance Commission.

Corruption can be defined as a dishonest or unethical conduct by a person entrusted with a position of authority, either to obtain benefits to oneself or to some other person. It is a global phenomenon.

Affecting all strata of society in some way or the other. Corruption undermines political development, democracy. Economic development, the environment, people's health and much more. It is therefore imperative that the public must be sensitized and motivated towards efforts at weeding out corruption.

Though punishment and penal actions delivered quickly are effective deterrents to corruption, a lot more may be achieved by inspiring the young generation to lead a life that combines righteousness and honesty.

The Central Vigilance Commission has the mandate under the Central Vigilance Commission Act, 2003 to fight corruption and to ensure integrity in public administration. It is charged with monitoring all vigilance activities under the Central Government and advising various authorities in Central Government and organizations under it, in planning, executing and reviewing their vigilance work in order to bring out systemic improvement in governance.

In addition, the Commission with its out reach activities also endeavours to create awareness amongst the common man, especially the youth, towards the policy of achieving transparency, accountability and corruption free governance.

On this occasion we conducted on line e-quiz for employees. And also taken a oath by our faculty members against corruption.
