INTERNATIONAL MEN’S DAY CELEBRATION REPORT

2021-2022

On 19th November 2021 in association with *People Urge for Rights and Equity* ® Association, Mysuru International Men’s Day was celebrated in the college Moot Court Hall. The theme of this year is '**BETTER RELATIONS BETWEEN MEN AND WOMEN**'. In this occasion Dr. B G Ponnappa, President PURE Association was the Chief Guest. Principal Dr. Deepu.P welcomed the gathering. The Programme was inaugurated by the chief guest, dignitaries on the dais and all men faculty of our college.

In his inaugural address Dr. B.G Ponnappa pointed out the importance of celebration of International Men’s Day in every year. Every year, the world celebrates International Men's Day to recognize and appreciate the role of men as father, brother, husband, and colleague. This day holds significant value as it promotes the positive role of men in framing society, State, and Nation and also promotes gender equality. According to the official website of International Men's Day, the objective of this day is to promote gender equality, appreciate the positive contributions made by men to society, highlight discrimination against men, improve gender relations, and create a safe and better world. The first time it was inaugurated in 1992 on February 7 by Thomas Oaster, the day was not celebrated until November 19, 1999, but it came into existence after Dr. Jerome Teeluck Singh re-initialized the day in Trinidad and Tobago.

International Men's Day gained massive support in the Caribbean, after which the day was accepted by the international community. Today, International Men's Day is celebrated in many countries, including Singapore, Australia, India, the United Kingdom, the United States, Haiti, Jamaica, Hungary, Malta, Ghana, Moldova, and Canada.

Prof K.B Vasudeva Director of Legal Studies in his presidential address pointed out that the day holds significant value as it highlights the "Six Pillars of International Men's Day", which includes contribution i.e. contribution to the nation, union, society, community, family, marriage, and childcare. On this day, discrimination faced by men is also highlighted, which creates a chance to improve gender relations and equality. It is also a significant day for men all across the globe because it promotes awareness of causes related to men's health and awareness of men's mental and physical health.

On this special occasion all women faculty arranged programme to honor all men faculties in the college.

Finally the programme concluded with vote of thanks by the coordinator of the programme Dr. Prakruthi A R. The programme host Dr. Sridevi Krishna, Teaching & Non-Teaching Staff and Students were present.
